**Subject:** Board of Ethics Opinion for Digital Engineering & Imaging, Inc

**EXTERNAL EMAIL:** Please do not click on links or attachments unless you know the content is safe.

Mr. Thibodeaux,

As per our telephone conversations and previous letter, Digital Engineering & Imaging Inc, has requested a Board of Ethics opinion on doing business with Atlas Technical Consultants, whose employee sits on the Baton Rouge Metropolitan Airport commission, where Digital Engineering holds a contract for professional engineering services. You presented the following questions, which I offer the answers.

Is this BTR Commissioner an owner of Atlas Technical Consultants? No, he is not an owner.

Would the BTR Commissioner be managing the contract between Atlas and Digital Engineering? No, he will not be managing the contract.

How would payments be made between Digital Engineering and Atlas, the Commissioner's employer? Any payments for subcontract services between the two firms will be made payable to Atlas Technical Consultants, or to Digital Engineering & Imaging, Inc., as appropriate, and not to the commissioner in anyway.

Hope these answers provide you with the information you need for the upcoming hearing.

If you should need any more information, please let me know.

Thank you for your assistance in this matter.

Merry Christmas,

Kurt

**Kurt M. Evans, P.E., FITE, FACEC**  
Chief Executive Officer

DIGITAL ENGINEERING & IMAGING, INC.

**Dedicated Engineering for a better community.**
